Mapping of Alameda County LEO System Data from July 1, 2010 through April 1, 2011

Maps created by Jonathan Giffard for Berkeley Builds Capacity

Special thanks to Alameda County Office of AIDS, Pangea, and HEPPAC for contributing ideas and support to the project, and to all our collaborators and colleagues for supporting BBC.

Questions about this project or BBC? Contact Project Director Sarah Gamble at sgamble@uhs.berkeley.edu.
County Funded HIV Tests
Positive Results by Test Location

Testing Locations
- Red circles: Test Sites
- Green circles: Test Sites with Positives

Positive tests include both positive and preliminary positive tests.

Locations with positive results are labeled with the individual's age and gender.

5 positive tests were also recorded in Fremont.
(19M, 20F, 21O, 26M, & 45F)
