Health*Matters Workshops

About Health*Matters

Health*Matters is the wellness program for faculty and staff with campus partners including: Office of Environment, Health & Safety, Office of Human Resources: Benefits, Physical Education Program, Recreational Sports, and University Health Services: Care Services, Disability Management Services, Ergonomics @Work, Occupational Health Clinic, and Work/Life.

Active @ Work

Learn why it is important to interrupt sitting for long periods, and how simple it is to take moving breaks every hour to help you with energy, focus and improved health. This workshop includes strategies for movement breaks, exercises to improve posture and core strength, basic office ergonomics principles and additional resources.

Get Fit in 7 Minutes

Scientifically proven to provide similar health benefits in less time, exercisers of all levels can come and learn how High Intensity Circuit Training (H.I.C.T.) in just 7 minutes using your body weight, a chair and wall, can help you maximize your time and workout space. Comfortable clothing and tennis shoes recommended.

Eat Well @ Work

Get inspired with fresh ideas for healthy, time saving, budget friendly lunches and snacks while learning strategies to eat better at work.

Nutrition Essentials for Healthy Living

This workshop is designed to be offered as a follow-up to the Know Your Numbers Health Screening program. Employees will learn how the foods you eat influence your body and how this contributes to your health and disease risk. This workshop will give you practical tools for identifying healthier foods, building nutritious meals and keeping portions in check.
