

# HEALTH INSURANCE FOR STUDENTS WITH DEPENDENTS WORKSHOP

*We're here to help!*

UNIVERSITY HEALTH SERVICES *Tang Center*

## SPRING 2012

The Student Health Insurance office at UC Berkeley is pleased to announce the new health insurance workshop schedule for students with dependents.

In this workshop you will learn how to find health coverage for your family. UHS is pleased to announce that effective with the 2011-12 academic year, UC SHIP includes a voluntary dependent health insurance plan for spouses, partners and children of students enrolled in UC SHIP. Families also have other health insurance options--private individual insurance plans, publicly supported plans, and non-profit community-based plans. Learn how to better understand and navigate the individual health insurance market.
