Single Session Groups

To get started: talk with your UHS mental health or medical provider or call Counseling and Psychological Services (CAPS) at (510) 642-9494.

Starting a New Medication for Anxiety or Depression
Mondays, 1:45-2:30pm (May 24 - August 9)
Facilitated by Raghav Suri, PsyD

This single session psycho-educational group covers the basic facts of common anxiety and depression medications, and factors that increase the likelihood of effectiveness. The group discusses tips and tricks for effective communication with your prescriber for ongoing medication management.

Holistic Sleep Wellness: Behavioral Changes to Reduce Insomnia and Sleep Difficulties
Thursdays, 2:15-3pm (May 27 - August 12)
Facilitated by Robyn Papathakis Shannon, PsyD

This single session psycho-educational group is based on the concept of holistic sleep wellness. It focuses on increasing your understanding of the mechanisms and habits that impact your sleep, in order to help you identify and experiment with behaviors that can improve your sleep and work for you, your body, and your life.

Worry, Stress, and Your Health
Alternate Tuesdays, 1:45-2:30pm (June 1 - August 10)
Facilitated by Heath Schechinger, PhD

This single session group is focused on increasing your understanding of (1) the body's physical sensations and responses, (2) the different ways that persistent worry about our health may impact our stress response and behaviors, and (3) strategies for coping with thoughts, behaviors, and emotions related to health, pain, and physiological sensations.

Wellness in Action Drop-In
Tuesdays, 1:15-2pm (June 1 - June 29)
Facilitated by Jeanine Baillie, PsyD

This drop-in skill building group is for students experiencing stress, mild to moderate anxiety, panic, and depression. Participants will learn mental health and general wellness strategies to build personal awareness, develop coping strategies, and integrate wellness techniques into their daily routines. Participants will have an opportunity to engage in discussion, as well as to give and receive support. Topics include: self-care (e.g.: sleep, exercise, nutrition), thinking patterns and mood, mindfulness, resilience, and fostering positive connections. The drop-in format is flexible to allow students to join at any point and still gain insight/benefit from collective wisdom.
**Understanding Self & Others**  
**Wednesdays, 1:30-3pm (June 2 - July 21)**  
Facilitated by Raquel Castellanos Miller, MSW and Kusha Murarka, PsyD

This 8-week therapy group is designed to foster greater self-awareness and more satisfying relationships by exploring how your background and upbringing affect your relationships, becoming more aware of your thoughts and feelings, and exploring your “here-and-now” feelings with other group members. This group requires a brief pre-group meeting with the group facilitator(s) before joining.

---

**Mindfulness Meditation**  
**Wednesdays, 10:15am-11:30am (June 16 - July 21)**  
Facilitated by Sam Tourek, PhD

Mindfulness meditation is the practice of focusing your mind on the present moment to become more aware of thoughts, feelings and sensations as they occur without judging them. In this 6-week group, participants will learn general mindfulness meditation skills by doing a variety of mindfulness exercises together, discussing their experiences doing the exercises, and considering ways to apply mindfulness in daily life.

---

**Black Womxn’s Sister Circle**  
**Tuesdays, 2:30-4pm (Begins June 15 and is ongoing)**  
Facilitated by Amber Jaiza Jones, LCSW and Geneé Jackson, PhD, BHC

The weekly group is designed to provide a supportive space for undergraduate and graduate self-identified womxn of African descent to explore the challenges of navigating life at UC Berkeley. ---

**Graduate Men’s Support**  
**Thursdays, 1:30-3pm (June 3 - August 12)**  
Facilitated by Richard Chiovarelli, PsyD

This weekly support group is offered for students who self-identify as male grad students who wish to come together to discuss the challenges of being a grad student, ways to deal with the hurdles & hassles of school, find ways to connect with others, discuss relationship issues, and consider ways to manage stress & live a balanced life as a Berkeley student. This group requires a brief pre-group meeting with the group facilitator(s) before joining.
**Pathways to Health & Healing**  
**Thursdays, 2:30-4pm (June 3 - June 24)**  
Facilitated by Shanta Jambotkar, LCSW and Erin O’Connor, LCSW

This four-week group is for students who navigate the impacts of physical injuries and/or newly diagnosed or chronic health conditions. Welcoming of all social and cultural identities, this space will build a community for coping and thriving. Themes will include the powerful connection between mind and body, how past body pain, negative thoughts, and challenging emotions can resurface with present stressors, and the interplay between healing and wellbeing. Members will exchange and co-create strategies that promote healing in their daily lives. If interested, please contact Social Services at (510) 642-6074 to connect with a group facilitator.

**Psychiatry Check-In Group**  
**Wednesdays, 10-10:45am (June 23 - July 28)**  
Facilitated by Danielle Davidson, LCSW, Ron Elson, MD, and Kristi Panik, MD

This six-week skills building and support group is for students prescribed psychotropic medications within UHS. Topics will include biological treatments for mental health including vitamins, herbs, nutraceuticals, biological rhythms (sleep, movement, etc), and medications. The group will include opportunities for peer support and conversation, skills building, and discussion with a psychiatric provider. Any UHS provider (CAPS counselors, psychiatry providers, BHPs and primary care providers) can refer a student to the group for an initial screening. Once a student completes an initial screening, the drop-in format is flexible and allows students to join at any point within the semester.
# Myths and Truths about Group Counseling

<tr>
<td>Group counseling is second best to individual counseling.</td>
<td>Group counseling has been found to be just as effective as individual counseling in improving mental health. In some cases, group counseling has been found to be more effective than individual therapy.</td>
</tr>
<tr>
<td>I’m uncomfortable speaking up, I will never be able to speak in a counseling group.</td>
<td>Many people feel anxious about speaking up in groups. Group members usually find that over time they start to feel safe enough to participate.</td>
</tr>
<tr>
<td>I will be the only one with my problem in the group. No one else will understand me.</td>
<td>Group members find it helpful to learn that others are going through similar issues, and find it supportive to learn new ways to cope and grow through adversity.</td>
</tr>
<tr>
<td>I will be forced to share my concerns and worries with strangers.</td>
<td>Group members share when they feel comfortable and only what they wish to share. All group members have the right to “pass” if they do not feel comfortable sharing in the moment.</td>
</tr>
<tr>
<td>The group facilitators or the other group members will judge me.</td>
<td>The Group facilitator’s role is to promote a brave and non-judgmental space and to facilitate discussion.</td>
</tr>
<tr>
<td>Group members will share my secrets with their friends.</td>
<td>Group members are asked to respect the privacy of other group members and to agree to not share any identifying information outside the group.</td>
</tr>
<tr>
<td>I will be verbally attacked in Group Counseling.</td>
<td>Group facilitators and members ensure the group is a brave space where group participant agreements are agreed to and respected. A benefit of group is receiving wisdom, feedback, and ideas from both peers and group facilitators in a respectful and supportive manner.</td>
