Individual Action in Response to COVID-19 Cases

Use to flowchart below to determine next steps regarding direct or potential exposure to COVID-19 (+) test:

---

**Have you tested positive (+) for COVID-19?**

- **Yes**
  - Don’t panic
  - Isolate yourself from others; do not risk further spread by returning home to family.
  - Answer calls from UHS Infection Control Team—they will provide next steps.

- **No--someone in my household, class, or social circle did**
  - Don’t panic
  - Isolate yourself from others; do not risk further spread by returning home to family.
  - If you have not received a call from UHS, call our Infection Control RN at 510-384-7944.

- **No--a friend of a friend did (no direct contact)**
  - Don’t panic
  - Follow basic safety practices.
  - You do not need to isolate or get tested, but your friend does.

---

**Seek medical advice and testing as needed:**

- If you are experiencing mild symptoms schedule a telephone appointment with a UHS clinician online at eTang.berkeley.edu

- If you are seriously ill stop by the Durant Ave. side of Tang (M-F) 10am-4pm for COVID-19 testing or go to the nearest emergency room.

- If you are ill and unsure if you should be seen, contact the UHS Advice Line at 510-643-7197.

---

**Test Returns (+)**

- No action needed. Continue to follow basic safety practices.

**Test Returns (-)**

---

*The UHS Infection Control Team and Infection Control Nurse will assess your risk of exposure as needed, ensure you have a safe space to isolate and that your basic needs are met, gather information for contact tracing, and approve the end of isolation.*

*Your private information will remain confidential*
