OUR MISSION
The mission of Counseling and Psychological Services (CAPS) is to support the emotional, psychological, educational, social and cultural development of all UC Berkeley students through a wide range of multiculturally based counseling, psychiatric, career, consultation, training and educational services.

STAFF
The CAPS staff are a multicultural group of professional counselors including psychologists, social workers and advanced-level trainees. We try to accommodate students’ preferences regarding counseling gender, ethnicity and sexual orientation. View our Meet the Staff profiles online: uhs.berkeley.edu/meet-the-staff
