

STEELCASE CRITERION HIGH TASK STOOL

The Steelcase Criterion stool can be used in the lab and is available for upholstery for laboratory needs. It comes standard with a foot ring and a seat height range of 25-30 inches. Other features and options include:

- Seat depth adjuster
- Lumbar height adjustment
- Back angle and seat pan angle adjustment
- Adjustable arms if needed

Please call 1-877-722-9090 toll free to schedule an appointment with a furniture specialist to look at the Criterion *chair* in the campus showroom. Although the *stool* is unavailable in the showroom, looking at the chair will help you learn more about the adjustability and comfort of the fit. A demonstration stool can be brought to your lab for a 1 week trial. There is no charge for this service.
