Health Opportunity Fund (HOF)

$110 for Pell Grant and Dream Aid recipients to use for Tang Center purchases

Tell us you’re a HOF recipient BEFORE you pay!

HOW DOES IT WORK?

It is your responsibility to follow these steps to access HOF funding:

1. Visit the Cashier’s Office after your service at the Tang Center.
   HOF funds may be used for services and prescriptions (excluding Optometry) at the Tang Center for students enrolled in Fall and Spring semesters. Immediately after you receive service at Tang, visit the Cashier’s Office on the first floor and present your Cal 1 Card in order to use the HOF funds. Your Cal 1 Card debit account has already been loaded with the credit if you’re an eligible student. You can check your HOF balance at cal1card.berkeley.edu

2. Tell us you’re an HOF recipient BEFORE paying, (no need to specify if it’s because of Pell Grant or Dream Aid).
   Whenever contacting Cashier Office, the Pharmacy or the SHIP Office, you need to identify yourself as “Health Opportunity Fund recipient” in order to access the funds.

3. You must complete this transaction with the Cashier’s Office/Pharmacy within seven business days.
   You must complete the transaction within seven business days of receiving care or prescriptions, otherwise charges will be automatically billed to your student account in CalCentral and HOF funds cannot be applied to the charges.
