

Responsible Bystander Policy

Alcohol and Controlled Substance Bystander Intervention

UC Berkeley has a new policy aimed at encouraging students to seek medical assistance for peers in need, promoting student safety across campus.

Did you know...

- ▶ We're creating a new campus environment where students who seek medical assistance for a fellow student involved with alcohol or controlled substances, will not be subject to a Student Code of Conduct violation process if they themselves violated the Student Code of Conduct regarding alcohol or controlled substances (102.17 and 102.18)
- ▶ The new Responsible Bystander Policy encourages students to help their peers seek medical assistance by not holding the reporter accountable to a Student Code of Conduct violation if they have been drinking or using controlled substances themselves.
