ESSENTIAL MEDICAL EYE CARE

As the only national not-for-profit vision care company, VSP® Vision Care reinvests in the things you value most—like protecting your eyes. We are committed to providing members with the best care, which is why Essential Medical Eye Care allows you to receive additional follow-up medical eye care services from your VSP doctor, who knows your eyes best.

WHAT’S COVERED UNDER ESSENTIAL MEDICAL EYE CARE?

• Covered-in-full retinal screening (digital imaging of the inside of the eye) for members with diabetes who do not have diabetic eye disease. These retinal photographs help your doctor establish a baseline to monitor and track changes in your eyes over time
• Additional exams and services that track and monitor diabetic eye disease progression
• Treatment for dry eye, pink eye, eye injury, and foreign body removal
• Exams and services to diagnose and monitor glaucoma and cataracts
• Tests to diagnose sudden vision changes

THE PROOF IS IN THE VISION PLAN

• Visit your VSP doctor whenever needed—services are covered with just a copay.® No referral is needed.
• At your appointment, tell them you have VSP. There’s no ID card necessary.
• We’ll handle the rest—there are no claim forms to complete when you see a VSP doctor.

DID YOU KNOW?

VSP members can save up to 75% on test strips and other diabetes care supplies. Visit vsp.com/simplevalues to access your savings.

Find the VSP doctor who’s right for you at vsp.com or call 800.877.7195.

1. National Eye Institute. https://www.nei.nih.gov/learn-about-eye-health/eye-conditions-and-diseases/diabetic-retinopathy 2. Essential Medical Eye Care is considered supplemental medical eye care coverage. Your health insurance carrier should be billed as the primary payer when other coverage exists and your doctor participates on the health plan’s network. Contact your VSP doctor for more information.
