The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately. This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, call Member Services at 1-833-302-9785. For general definitions of common terms, such as allowed amount, balance billing, coinsurance, copayment, deductible, provider, or other underlined terms, see the Glossary. You can view the Glossary at www. www.healthcare.gov/sbc-glossary or call 1-833-302-9785 to request a copy.

Important Questions	Answers	Why This Matters:
What is the overall deductible?	$450/Individual or $1,350/Family In-Network/Out-of-Network combined	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan, each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible.
Are there services covered before you meet your deductible?	Yes. Pediatric Vision Care, Pediatric dental check-ups and Prescription Drug Coverage In-Network and/or Out-of-Network, Preventive care, Primary Care and Specialist visits In-Network, and all services rendered at the Student Health Center (SHC) are covered before you meet your deductible.	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost sharing and before you meet your deductible. See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/.
Are there other deductibles for specific services?	Yes. $60/Individual or $180/Family for Pediatric Dental In-Network/Out-of-Network combined. There are no other specific deductibles.	You must pay all of the costs for these services up to the specific deductible amount before this plan begins to pay for these services.
What is the out-of-pocket limit for this plan?	$3,200/Individual or $6,400/Family In-Network and $6,500/Individual or $13,000/Family Out-of-Network; and for Pediatric Dental, $1,000/Individual or $2,000/Family In-Network/Out-of-Network combined. The combined out-of-pocket limit will never exceed the maximum amount permitted by law.	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit?	Premiums, balance-billing charges, and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit.

Important Questions	Answers	Why This Matters:
Will you pay less if you use a network provider?	Yes. See http://berkeley.wellfleetinsurance.com/providers or call 1-833-302-9785 for a list of In-Network providers.	This plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist?	Yes. Please contact the Student Health Center (SHC) for referral to a specialist.	This plan will pay some or all of the costs to see a specialist for covered services but only if you have a referral before you see the specialist.

All copayment and coinsurance costs shown in this chart are after your deductible has been met, if a deductible applies.
