Sexual Assault & Intimate Partner Violence Survivor Group
(Undergraduate & Graduate Students)
In the aftermath of a sexual assault (SA) and or Intimate Partner Violence (IPV) it can be helpful to have a supportive and confidential space to process the multiple ways this can affect ones’ life. The goal of this group is to find a community of support and help group members regain well-being and a sense of personal power. Although SA & IPV impacts students of all genders this group is specifically for those who identify as women. The focus of the group is not to talk about the stories of abuse but the effect it has on us and ways to cope and process.
Please call if you are interested in joining this group.

How the Body Remembers: Pathways to Wellness, Healing and Thriving!
(Undergraduate & Graduate Students)
We will build a community that offers support and strategies for healing. We welcome people from all cultural communities and identities who have newly diagnosed illness, repeating episodes of health problems, or chronic medical conditions. Each person holds unique, personal experiences in their situations. We explore how to reduce the impact of health traumas that affect our daily routines. We will use coping practices, mindfulness and each other’s knowledge.

Queer Men’s Group

This group is for cisgender and transgender students who are queer, gay, bi, pansexual, or questioning their sexual orientation, and identify as men. In this confidential, supportive space you will have the opportunity to share your story, build relationships, and discuss topics relevant to your experiences at Cal, such as coming out, dating, navigating multiple identities, etc.
