1) Appointments

2) Schedule an Appointment

3) Select the appointment “COVID Surveillance Testing for UC Berkeley Faculty/Staff”

4) You will be taken through a series of branching questions. *(If you are having any symptoms or have had exposure to COVID 19, or you have had a test within the last 4 days, you are not able to make an appointment for testing until you speak with a member of the Occupational Health Clinic Team. You will have the option to make an appointment to speak with OHC instead).* The last branching question will be “Do you need a test for travel or work?” and you want to click the bubble **YES**. This will automatically generate a surveillance test order for asymptomatic faculty or staff.

5) You be required to present your appointment barcode at the Rec Sports Facility testing site.
